

IMPORTANT SAFETY WARNING

Traces of milk protein have been found in Bonvita ice

1 February 2019

Please note a safety warning for Bonvita Ice.

An extensive investigation has shown that traces of milk protein have been found in Bon-Ice products. Unfortunately there is no warning for milk protein traces printed on the packaging.

This warning applies to all packaging and expiration dates of the products shown below.

Customers allergic to milk protein, are strongly advised not consuming this product. For customers without a milk protein allergy these products are safe.

Your company has purchased at least one of the products on the next page.

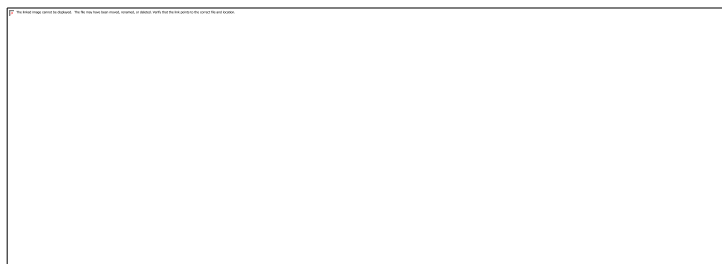

We apologize for the inconvenience and appreciate your co-operation.

For more information about this allergy warning, please contact:
