LUXEMBOURGISH EFSA FOCAL POINT NEWSLETTER   10

Calls for tenders and proposals

Clarification n. 2 - Call for Proposals - Partnering Grants (GP/EFSA/ENCO/2018/03)

Deadline: 31 October 2018

We would like to inform you that EFSA has published **clarification n. 2** in relation to the second call for **Partnering Grants**. We remind you that this initiative focuses on promoting the **transfer or exchange of knowledge and expertise in risk assessment between organisations in different Member States, Norway and Iceland** and, in this way, further **building capacity at EU level**.

*The new call will favour (through the award criteria) proposals that a) focus on priorities set under the **EFSA strategy 2020** and/or; b) focus on agreed EFSA/MSs priorities (28 in total) as identified in the **Final Report on the identification of food safety priorities using the Delphi technique**.*

Should you have any questions, you may address them to **EFSAProcurement@efsa.europa.eu** by indicating the call reference.

Should you have any questions on promotional activities, please contact us at **scientific.cooperation@efsa.europa.eu**.

Reminder : 4th International Congress Food Technology, Quality and Safety and 18th International Symposium Feed Technology

23-25 October 2018, Novi Sad, Serbia,

Deadline: - Abstract submission: 1 August 2018; - Early registration: 10 August 2018

The Institute of Food Technology in Novi Sad (FINS), Serbia announces the organization of 4th International Congress Food Technology, Quality and Safety and 18th International Symposium Feed Technology – FoodTech 2018 to be held in the period 23-25th October 2018 in Novi Sad, in the Congress center Master.

Like the previous FoodTech events, FoodTech 2018 will meet the current and future challenges of contemporary food science, covering the wide range of topics from traditional to novel food production.

Plenary and keynote speakers that have confirmed their presentations at congress:

• Dr. Mian Riaz, Texas A&M University, USA: High moisture meat analog (HMMA) with pulse proteins-peas, lentils, and faba beans

• Dr. Mia Eeckhout, Gent University, Belgium: Insects as a novel protein sources in food and feed

• Dr. Brijesh Tiwari; TEAGASC, Ireland: Role of novel technologies for ensuring resilient food production systems

• Dr. Young Hae Choi, Leiden University, The Netherlands: Metabolomics in food assessment

• Dr. Giovanni Dinelli, UNIBO, Italy: Traditional food: functional properties and perspectives

• Dr. Marit Kvalvåg Pettersen, NOFIMA, Norway: Food Packaging design - for reduced food waste and sustainable development

• Dr. Michael Sulyok, BOKU, Austria: Exploring the limits of LC-MS/MS based multi-toxin analysis: is it really quantitative?

• Dr. Giuseppina Avantaggiato, Italy: The MycoKey approaches to mitigate mycotoxins in feeds
